

About us

TES Group of companies — was founded in 1992, and is one of the most reliable and successful commercial projects of the post-Soviet period on the Crimean Peninsula. The main line of business is the sale of petroleum products.

These days, TES is a dynamically developing company that manages the largest network of gas stations. “TES” has two own oil depots, a port terminal for the transshipment and storage of liquefied gas and petroleum products, and an enterprise for the production of containers and reservoirs for the oil and gas, chemical and other industries, including agriculture. The fleet of own fuel tankers provides rapid transportation of fuel to any place of the Peninsula. TES Group of companies also includes 2 hotels of the same name, distribution of lubricants and tires. In addition, “TES” has one of the best Fast Food chains in Crimea.

Fuel

The network of gas stations "TES" sells a fuel class K5. This type of gasoline meets the environmental standard of the technical regulations of the Customs Union. This type of fuel has a reduced content of aromatic hydrocarbons and an improved fractional composition. These qualities ensure start-up at low temperatures, speed of engine warming up, and also reduce fuel consumption and wear of the cylinder-piston group.

When purchasing fuel at the TES gas stations, you can be sure of the accuracy of filling, regardless of the time of day, day of the week or season. Our own laboratory for testing petroleum products from the plant to the customer's tank guarantees the quality of fuel.

TES company offers exclusive fuel New Power, which is created using the most advanced technologies with the addition of a multifunctional package of fuel additives of the latest generation. The additive has successfully passed bench tests at the Central research automobile and motor Institute of the Federal state unitary enterprise "NAMI". The obtained data indicate a stable effect of reducing fuel consumption by up to 6% and removing carbon in the combustion chamber zone.

All types of fuel at the TES gas stations have quality certificates.
